Indian Leadership Academy,
DHI Leadership Center, BG Rd. Bangalore - 76.

What is NLP?

NLP, or neuro-linguistic programming, is a set of psychological techniques which helps in your Professional and Personal development. It's been very popular since last 50 years and picking up big time.

Warren Buffet, Bill Clinton, Barack Obama, Oprah Winfrey, Andre Agassi and many more have turned to NLP to achieve inspirational results. You can use NLP in your personal life as well as in corporate world to be a more effective team member, an effective team leader or a manager. Ultimately these techniques help you to grow both personally and at work.

Benefits:

- Get introduced to NLP and know more about what teachers and Trainers have achieved through NLP.
- How to ensure we create the right climate for learning
- Learn practical ways to help support learning
- How to influence language patterns to Promote positive behaviour
- Enhance your communication skills with key knowledge from psychology, neuroscience and NLP
- Become highly skilled at reading body language, verbal/ non-verbal communication
- Increase your sensory awareness
- Master your mind and emotional states
- Empower and motivate yourself and others
- Develop strong relationships with your peers and students
- Create success and achievement in yourself and others
- Change unwanted behaviors in yourself and others.
- Get exposed to NLP techniques for stress management
- Try quick NLP techniques (10-15 minutes each day) for consistent Personal and Professional growth
